- Consigned by Maifeld Inc., Kesley, IA
- **Don't miss this exciting opportunity to purchase embryos out of the genetic clone of the Angus matriarch GAR Scotch Cap 867.**
- The \$120,000 valued GAR Scotch 867 is the cornerstone of the powerful Blackcap family that is known for its carcass traits and earning value. GAR Scotch Cap 867 has generated nearly \$2 million in progeny sales with her numerous descendants.
- The famous GAR EXT 2114 is an own daughter of GAR Scotch Cap 867 and sold for \$120,000 in the Kahn Dispersion and has generated more than \$2.5 million in progeny sales with her daughters including the \$75,000 GAR Precision 706, who has generated more than \$2.5 million in progeny sales.
- Another daughter of 867, the \$300,000 GAR Ext 2104, who has generated more than \$1.5 million in progeny sales to date and includes her daughter GAR Precision 2536, the world-income producing cow in the history of the breed with \$7.5 million in progeny sales to date.
- Here is an elite opportunity to own the genetics of one of the cornerstone females in the breed.
- The #1 bull on test at Jager's gaining 5.31 lbs. per day is sired by ONEills Lucky Boy. 10 of the top 15 bulls on test are also sired by Lucky Boy. Also, sons of Lucky Boy at SydGen posted an average IMF ratio of 118.5 & YWR of 105.5. ONEills Lucky Boy is a practical and functional real world bull with high carcass values and performance.
- The paternal grandam, ONEills Delia 715, posts NR & YR of 105 with 12 progeny on record with an average IMF ratio of 122 & REA 107. She is one of the very best producing cows in the ONEill herd with embryos topping past NW Angus Foundation Female Sales.
- The sire, ONEills Lucky Boy, is a maternal brother to ONEills Expedition and ONEills Power Force. He is an extremely docile bull that was named Grand Champion Angus Bull & Reserve Champion Over All Breeds at the 2008 Nebraska State Fair. He was also the Res. Grand Champion Bull at the 2008 MN State Fair and Champion Bull at the 2008 Iowa Preview.
