This young herd sire prospect from the legendary J.D. Hudgins-Forgason Cattle Company is a moderate framed, tight sheathed bull that is moderate in his growth figures. Not only does he have the right build but he offers a breed leading pedigree that consists of 5 Register of Renowns, 1 Vanguard Sire, 1 Maternal Merit Dam and 1 Maternal Performance Sire. He is sired by the many time champion and now leading herd sire +JDH Mr. Manso 854/4 who's influence can be seen around the globe. Not only has 854/4 sired individuals like +JDH Mr. Manso 638 "Sir Richard" but most recently his granddaughter was named International Grand Champion for Walters Livestock. There is no question that you will consider this as an opportunity to buy a son of 854/4 but the dam to JDH Mr. Manso 318/1 is a leading donor and equally impressive. She represents the influence of two sires that have both produced an International Champion and are leading maternal bulls in the breed with +JDH Mr. Brandon Manso and (=)JDH Mr. Manso 209/9.
