+MR WINCHESTER MAGNUM 999
MISS 3-S 608
VL ELENA 3/33

WOW! There were a few head that were off limits when we selected the cattle for the Carolina Sale. They were going to be Donors down the road for SFB. Here is one of them. With He's Got The Look, 999, and Santa Elena breeding, this is a female that needs to be in the donor pen at a major players place. She is bred to +MR WINCHESTER MAGNUM 999 with sexed semen and safe in calf to that mating. The results will be outstanding.

MR KC DOMINO 106/2
MORENO MS. ANTONIETTA
UCC MIMI'S MOO 26

This nice young Gray female has a productive life ahead of her. This is a type of cow that will be in your herd for many years and raise those big stout calves year after year. The Karu heifer calf she is carrying will give you a head start in production.

MR MISS REMINGTON 12

Hold Up how did this female end up in a Sale? She is a full Sister to the Heifer Lindsay Wilder won her class with twice at the All-American and that was also Res in her Division at the International Show in Houston. Another sister was Res Calf Champion at the International Show for Jacob Valenta. Being bred to Bogata with a heifer calf is just the icing on the cake. She just weaned her calf and just look at her udder. This is the kind you need to own!
